

## The Audi A1 1.4 TFSI Sport

## The Audi A1 1.4 TFSI Sport.

### The Audi A1 in sport mode.

Exceptional design, state of the art technology and uncompromising quality – this is the essence of the concentrated luxury found in every Audi A1. And now with the A1 1.4 TFSI Sport, Audi has unleashed the most dynamic and the best equipped car in the segment. The Audi A1 1.4 TFSI Sport is the sportiest car in its class.

The athletic design is centred on the large Audi single frame grille, which is surrounded by the wrap-around bonnet and framed by the sharp and stylish Xenon headlights with daytime running lights. The bold shoulder line runs along the length of the car, linking front and rear in a muscular fashion. The dynamic look is completed with the aggressive S line exterior kit, including lower and deeper front and rear bumpers as well as the S line roof edge spoiler and a rear diffuser which gives the A1 TFSI Sport an unmistakably powerful presence.

For the interior, the combination of black headlining, extended colour interior elements in mono.pur material, the interior lighting package, a 6.5 inch high-resolution colour screen and the ergonomic leather steering-wheel are unique in this class, cementing the A1's position as the only truly premium car in this segment. Elements of the technology and operating logic that are found in Audi's flagship A8 limousine are also part of the A1's DNA, ensuring all A1 drivers enjoy state of the art features and a true Audi experience.

The 1.4 TFSI engine is a technological powerhouse, employing both super- and turbo-charging and utilising FSI® direct-injection technology bred on the racetrack through Audi's all-conquering LeMans race cars. This advanced engine produces a muscular 136kW of power and an impressive 250Nm of torque. The sprint from zero to 100km/h takes just 6.9 seconds, and the top speed is 227km/h. Audi's acclaimed seven-speed S tronic transmission is standard, directing the power to the front wheels and switching gears in just a few hundredths of a second without any interruption in power flow.

Thanks to advanced driver assistance systems such as ESP and EDL, the A1 TFSI Sport always stays on track. The ESP with electronic cross-axle lock applies the brake to a spinning wheel and transfers torque to the other wheel, maximising traction and keeping the car under control at all times.

The Audi A1 1.4 TFSI Sport offers concentrated luxury, white-knuckle performance and genuine driving pleasure, all wrapped in the quality expected of an Audi. The A1 1.4 TFSI Sport is the next big Audi...in sport mode.

Model

A1 1.4 TFSI Sport

Authorised Audi dealers will provide up-to-date information on individual model pricing. Please contact your local authorised Audi dealer.

### Technical Data

Engine type	4 cylinder petrol with direct injection with super- and turbo-charger
Capacity (cc)	1390
Power (kW/rpm)	136 / 6,200
Torque (Nm/rpm)	250 / 2,000 - 4,500
Driveline ▶ Front wheel drive	•
Transmission	7-speed S tronic
Acceleration (sec) 0-100km/h	6.9
Fuel consumption (combined) <sup>1</sup> ▶ L/100km's (consumption, combined) ▶ CO <sup>2</sup> emissions grams per km	5.9 139

### Specification – Safety

Airbags for driver and front passenger	•
Side airbags at front	•
SIDEGUARD head airbag curtain for front and rear passengers	•
Head restraints and three point seat belts for all 4 seats	•

● = Standard equipment      \* = Optional equipment, Manufacturer's List Price shown

\* Individual Manufacturer's List Prices (MLP) of the factory fitted options quoted on this specification sheet separately exclude LCT. If the total price for the displayed vehicle (excluding statutory charges) exceeds the LCT threshold then total price will need to be recalculated including LCT. Please enquire at your authorised Audi dealer for further details. This is a manufacturer's specification sheet and new vehicles must be purchased from authorised Audi dealers. Specifications are as planned from May 2011, Model year 2011 and are subject to change without notice or obligation.

1. Fuel consumption figures according to Australian Design Rules (AD) 81/02. The driving style, road and traffic conditions, environmental influences and vehicles condition can in practice lead to consumption figures which may differ from those calculated with these standards.

2. Phone cradle must be purchased separately. Please check with your Audi dealer for phone cradle availability and approved Bluetooth telephones that have been tested by Audi for compatibility and functionality.

3. Please note Audi music interface (AMI) connector cables must be purchased separately through Audi Genuine Accessories.

Specifications are as planned at May 2011 and are subject to change without notice or obligation. All information in this specification sheet is correct at the time of publication, however variations may occur from time to time and Audi Australia Pty Ltd, in so far as it is permitted by law to do so, shall not be liable in anyway as a result of any reliance by any person on anything contained in this specification sheet. Authorised Audi dealers will provide up-to-date information on model specifications and prices.
