

The Audi A4 Avant

The Audi A4 Avant

Progressive performance has a new dimension.

Experience a new dimension of performance and style in the latest Audi A4 Avant.

Blending the spacious versatility of an Avant with the advanced driving dynamics, efficiency and leading-edge style that characterises the A4 range, this prestigious model is the intelligent choice for an active lifestyle.

The exterior design is stylish and dynamic - long lines flow into a sleek silhouette, which is given power and dynamism by the sporty shoulder and roofline.

The interior is spacious and flexible offering an impressive luggage capacity of 490 litres, which increases to 1,430 litres when the rear seats fold down.

The attention to detail is impressive - with clever features like a reversible luggage compartment floor that becomes a hardwearing tray, as well as lashing eyelets, bag hooks and storage compartments.

The choice is clear - for those who need a more versatile vehicle for their lifestyle, without compromising style and performance, the Audi A4 Avant is everything the A4 Sedan is - and more.
