• = Standard equipment    \* = Optional equipment, Manufacturer's List Price shown    – = Not available    NCO = No cost option

\*Individual Manufacturer's List Prices (MLP) of the factory fitted options quoted on this specification sheet separately include LCT. If the total price for the displayed vehicle (excluding statutory charges) is below the LCT threshold then LCT is not applicable & the price of factory fitted options will need to be recalculated excluding LCT. Please enquire at your authorised Audi dealer for further details. This is a manufacturer's specification sheet and new vehicles must be purchased from authorised Audi dealers. Specifications are as planned from May 2012 and are subject to change without notice or obligation. All information in this specification sheet is correct at the time of publication, however variations may occur from time to time and Audi Australia Pty Ltd, in so far as it is permitted by law to do so, shall not be liable in anyway as a result of any reliance by any person on anything contained in this specification sheet. Authorised Audi dealers will provide up-to-date information on model specifications and prices. For individual prices please contact your local authorised Audi dealer.

1. Fuel consumption figures according to Australian Design Rules (AD) 81/02. The driving style, road and traffic conditions, environmental influences and vehicles condition can in practice lead to consumption figures which may differ from those calculated with these standards.

2. Bluetooth connectivity only, phone cradle is not possible. Please check with your Audi dealer for approved Bluetooth telephones that have been tested by Audi for compatibility and functionality.

3. Audi Music Interface (AMI) connector cables must be purchased separately through Audi Genuine Accessories. Specifications are as planned at May 2012 and are subject to change without.

4. Please note, 3D imagery of key city models, sightseeing information and topographical map displays, which are described in the model brochure, are not available for Australian vehicles.

Vehicle pictured is an overseas model A6 2.0 TFSI Avant with the additional options of: Metallic (or pearl effect) paint, LED headlights with main beam assist, Adaptive cruise control with stop & go function including Audi pre sense front, Panoramic glass sunroof, 20" forged aluminium 10-spoke V design, anthracite, partially polished alloy wheels.

## Driving innovation.

### The next generation Audi A6 Avant.

The new Audi A6 Avant is a progressive evolution of the Avant concept. Thanks to Audi's core competency of lightweight body construction, the new Audi A6 Avant offers a host of weight-saving advantages that translate into enhanced agility, increased driving pleasure and improved fuel efficiency.

The new Audi A6 Avant is available in a choice of two fuel efficient engines, both featuring direct fuel injection. The popular 2.0 TDI features common rail diesel technology, and the 2.0 TFSI petrol engine offers four cylinders with turbo charging. Both engines are combined with a seamless multitronic transmission which allows the vehicle to run at its most economical at all times – a great advantage in terms of efficiency.

The A6 Avant offers everyday versatility, with a spacious interior that guarantees comfort for all occupants and a generous cargo area of 565 litres, which is almost tripled when folding down the rear seats. The standard moveable

luggage rail system offers an intelligent way to store all your equipment, shopping and other items securely for your journey.

With comfort and convenience in mind, the new Audi A6 Avant features an impressive list of standard features like the Audi comfort key and sensor-controlled tailgate with automatic luggage cover. The luggage area can be accessed quickly and easily, and hands-free by simply moving your foot underneath the rear bumper to automatically open the tailgate. In combination, the luggage cover is drawn back offering unrestricted access to the luggage area – a particularly useful feature if your hands are full when loading the vehicle.

The new Audi A6 Avant is a progressive and stylish executive model. It is the vehicle of choice for an individual who is driving innovation in their life – and in their Audi.
